

# Support to cover all aspects of curriculum technology

Annual advisory and support package

Our support package makes it easier for you to plan your CPD for the year ahead. Included in the package will be:

## Initial visit and audit

- A half day visit to discuss and evaluate your current situation and to help you identify focus area(s).
- A three year action plan to address areas identified.

## Support sessions

- One support session per term, equivalent to a twilight or half day as appropriate.
- These sessions will be identified and planned during the initial visit.
- Additional sessions can be added as needed at a reduced cost.

## Ongoing support

- Throughout the year, support will be available via email, telephone and text, with access for all staff to an online support area.

## Review and evaluation

- On completion of the support, a follow up visit will be arranged to discuss progress and help you identify next steps.
- All visits/support sessions will be documented and a school visit record sent to the lead person. Where appropriate, certificates of attendance will be issued.

# £1200 per year

To find out more about the services I offer get in touch to arrange a **free** no obligation consultancy visit to discuss your needs.

All visits will be documented for you through a comprehensive school visit report which you can keep for your professional development records.
